Dear Friends:

*From my collection of several hundred varieties of Camellias I have selected a few that I especially like and that I think you may like.*

*I have compiled this list of grafted plants, not with the idea of a catalog, but as a special offering.*

*A number of these are recent introductions.*

*These plants are strong one-year grafts in gallon containers. The price includes delivery to your door.*

*All quotations are made subject to prior sale.*

*Yours truly,*

*William E. Wylam*
